Flagler Sheriff's Office Offers Free Web App

Now you do not have to wait until you're on a computer to get information from the Sheriff's Office—now you can get updates instantly where ever you are.

The Flagler County Sheriff's Office has developed a Web App that puts their most popular features from their web site into a mobile-friendly format.

The app address is: <http://www.myfcsso.us/m>

The Mobile Site allows the public to search the inmate facility for persons that have booked in our jail, read daily logs of happenings in Flagler County, search contacts and file a report right from your smart phone.

“The industry forecast predicts the smartphone market will grow more than 50 percent in 2011. We are moving forward with technology and I encourage residents to use this easy-access method to visit our website,” said Sheriff Donald W. Fleming.

The new technology move was completed by the Sheriff's Information Technology Unit at no cost to the taxpayer.

Sheriff Fleming said the Web App will continue to be expanded to bring more information to the public.

Honor ♦ Integrity ♦ Excellence
